Agenda:

1. Status and final review of the language to be included in the ROD on additional sampling post ROD and how that might affect decision tree outcomes and subsequent costs; additional watershed related actions, upland source control actions and additional watershed actions, and how during implementation of the ROD, the site could be subdivided to support prompt RD/RA by various PRPs.
2. ROD completion and State concurrence schedule
3. Preparations for ROD rollout and pre-release communications to key parties.
(Update on any stakeholder inquiries received to date.)
4. Schedule and preparations for State tribal consultations
5. Discussion on the Implementation framework language distributed thru attorney confidentiality last week.
6. Other issues as requested
